Summary: This is a short story of Kion and Kiara coming back to Pride Rock after the battle and facing Tifu and Zuri for not being a good advisor.

Top advisor

After the fight between Janja and his clan, the Lion Guard and Kiara went back to Pride Rock. When they got to the den, Zuri and Tifu were waiting for them.

Tifu said, "Hey Kiara, you're safe."

Kiara said, "Yeah, no thank to you."

Zuri said, "Huh? What you mean?"

Kiara said, "Need I remind you two that whenever I go to a place, you must come along."

Zuri said, "But you didn't even tell us."

Kiara said, "Well, maybe I should've, but leaving a queen go alone is not what top advisors do."

Tifu said, "Hmm, I guess so."

Fuli said, "And let me add something. You two were also mean to Kion couple times ago."

Tifu said, "What? That's not true."

Ono said, "Actually, you were. Well, only a little."

Zuri said, "We were just trying to protect Kiara and make sure she get things her ways."

Beshte said, "Yes, but you don't have to take your rudeness on

someone else."

Tifu sighed and said, "I guess you're right."

Kiara said, "Now, you have anything to say to Kion."

Tifu and Zuri sighed and said, "We're sorry Kion."

Tifu said, "We should've help you and be more supportive."

Kion said, "That's okay and I'm sorry too. I should've think ahead instead of rushing into thing."

And with that, Kion gave Tifu and Zuri a hug.

Bunga said, "Well, that went well."

Kiara said, "Hey Kion, I think mom and dad are home."

Kion said, "Great, let go."

So Kion and Kiara went to see their parents.
